CERTIFICATE OF FELLOWSHIP COMPLETION

This certifies that Abdul Moez Mukadam has successfully completed the DeepCytes Fellowship Program, held from 05/02/2025 to 31/05/2025.

Over the course of the fellowship, Abdul Moez operated in the role of Cyber Developer, contributing to the organisation's internal initiatives across technical, operational, and analytical functions. The engagement was structured around real-world challenges, with defined deliverables aligned to the firm's standards of execution and discipline.

The fellowship involved continuous assessment, including adherence to timelines, clarity of documentation, quality of technical output, and alignment with the organisational code of conduct. Abdul Moez met the expectations defined for this programme and conducted themselves in a manner consistent with DeepCytes' professional environment.

We acknowledge the completion of this fellowship and extend our best wishes for Abdul Moez's continued professional growth.
